

VETERAN CREW MEETS YALE

NOMINATIONS MUST BE TURNED IN BY SATURDAY NOON

Pre-Election Mass Meetings Will
Be Held Monday And
Tuesday

ELECTIONS APRIL 27

THE TECH Will Publish Com-
plete List Of Candidates
In Tuesday Issue

Interest in the class elections to be held on April 27 runs high. Numerous nomination blanks have been circulated about the Institute and from all appearances competition for class officership will be quite keen.

All nominations for the April 27 elections should be made in the prescribed form as illustrated in this edition of THE TECH; these blanks must be turned in properly signed and filled out at Room 10-100 not later than 1 o'clock Saturday afternoon.

Next Tuesday's issue of THE TECH will contain the name of all the candidates nominated for election to class officerships, as well as information concerning the activities of each nominee. In order to facilitate more accuracy of detail as well as to augment the information available, each nominee is requested to deposit at the office of THE TECH by Monday afternoon at the latest, data concerning his activities here at Technology.

No Change in Elections

The defeat of the recent motion brought before the Executive Committee designed to permit electioneering, will mean that the April 27 elections will be conducted in the customary manner. The natural inference is that no electioneering in any form whatsoever will be permitted, but interest in this phase of the elections, as shown by the pushing of the last petition, has achieved one noticeable result: popular referendum of the electioneering question will be sought at the election polls, at which time voters will signify on their ballots whether or not they desire electioneering at the Institute.

To Hold Mass Meeting

Freshman and Sophomore mass meetings will be held on Monday, April 25, at 5 o'clock; the freshman meeting will be in Room 5-330; the Sophomores will meet in Room 10-250. The Juniors will hold their meeting on Tuesday, April 26, in Room 10-250, at 5 o'clock.

Managers for each respective candidate will represent their man at these mass meetings and will state his qualifications for the particular office which he hopes to hold. This innovation was one of the results of the recent petition to the Elections Committee for a more liberal interpretation of the electioneering ruling. These speeches will be limited to five minutes. Minor candidates will be merely introduced.

Dr. Suyehiro, Japanese Earthquake Expert, Dies

News of the death of Dr. Kyoji Suyehiro, eminent Japanese authority on earthquakes, was received by Institute officials on April 9. Dr. Suyehiro last fall delivered a series of lectures at Technology under the auspices of the American Society of Civil Engineers. Messages of sympathy were sent by President Compton and Dr. John R. Freeman of the Institute Corporation to the President of the University of Tokio.

Many Novelties Feature Annual Spring Concert

Concert And Dance Will Be
Last Big Social Event
Of School Year

The Combined Musical Clubs will present the last big social event of the school year in the form of the Annual Spring Concert and Dance, on Friday, April 29. The Concert will be given in the Main Hall of Walker Memorial and is scheduled to begin at 8.30 o'clock.

Several novelties have been gathered as features of the final "big time" event for the undergraduate student body. The foremost of these, which has never been seen at any of the Musical Clubs' concerts in the past, is a novel seating arrangement in which the guests will be seated at tables after the fashion used in night clubs. This arrangement will replace the old method of placing the audience in rows of chairs, and is expected to make the affair more congenial.

Dancing Until 3 O'clock

Refreshments will be served at these tables throughout the Concert and tea will be served during an intermission. It is expected that the dancing will begin about 10.30 and it will continue until 3 o'clock. The Technicians will play for the dancing, which will include old-fashioned square dances which proved so popular at the recent Wheelock Concert and Dance. Refreshments will again be served during the dancing. The admission price of \$4.00 per couple will include all refreshments.

Contiguous with the announcement of plans for the Concert came a notice of those elected to the Junior Board positions in the Clubs' management. Those elected were Forrest J. Goldsmith '34, business manager; Max M. Levy '34, publicity manager; Edgar B. Chiswell, Jr. '34, treasurer; and G. Roy Thompson '34, stage manager.

President Compton Speaks Before Men Of Science In South

Attends Meetings Of National
Academy Of Science In
Washington

Representing the Institute at, and speaking before many distinguished bodies of the scientific world, Dr. Karl T. Compton, president of the Institute, will spend most of the time between now and May 4 in the South.

On April 20 Dr. Compton addressed the members present at a dinner sponsored by the Franklin Institute of Philadelphia. Today he addresses the Virginia Academy of Arts and Sciences, his subject being on the Development of Research Laboratories. Tomorrow he attends the meeting of the National Research Fellowship Board. This meeting will be held in Washington, D. C.

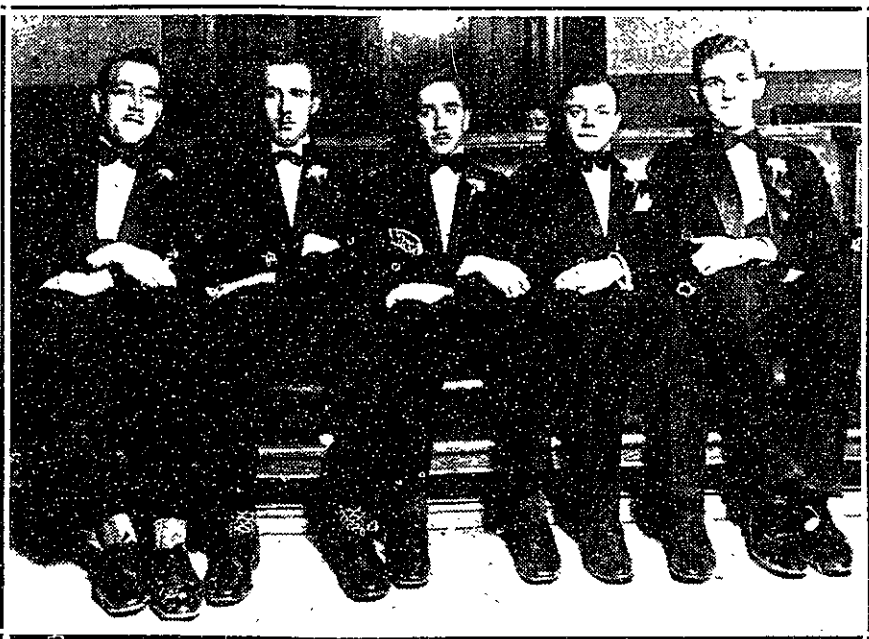

At National Academy of Science

For three days, beginning Monday, April 25, President Compton will attend functions being held by the National Academy of Science in Washington, and for the next three days he will be present at meetings of the American Physical Society in the same city.

On May 2 Dr. Compton will represent the Institute and will address the Graduate Scientific Club of the University of Virginia at a luncheon held by the Faculty of the University.

Winding up his short trip, President Compton will speak before the United States Institute of Textile Research. The address will take place before that body in the Hotel Biltmore in New York City.

DORMITORY DANCE COMMITTEE

Left to right: J. Wetherell '33, R. Kimball '33, B. Werra '32, A. Pruckner '32, G. Crosby '34.

Dormitory Dance Committee, in charge of final formal dance tonight from 9 until 2 o'clock, in the Main Hall of Walker Memorial.

CORP XV STUDENT DOUBLES CAPITAL

Runner Up In Stock Contest
Earns 25% On Invested
Principal

Breaking all previous records, M. Hecht, Jr. '35, News Writer of THE TECH, has made \$10,000 in the Corporation XV Stock Contest. As all entrants started with \$10,000, this represents a profit of 100 per cent, giving a balance of \$20,000 to the contest leader. The contest ends May 2, at which time the winner will receive a prize of \$10.

Runner-up to Mr. Hecht is O. L. Shurtleff '33, with a balance of \$12,500. Of the eighteen entrants, seven have realized profits, ranging from \$100 to \$10,000. Three men have made \$1,000 or more.

Enviably Record

Doubling his capital in the short four months' duration of the contest is an enviable record for the leader, according to officials of Corporation XV.

Everyone started the contest with an imaginary \$10,000 to their credit. This money was invested in stocks on the New York Stock Exchange, by giving slips describing all purchases and sales to sponsors of the contest.

Nominations Must Be Turned In April 23

Nominations for class offices of the freshman, Sophomore and Junior classes, and Institute and Executive Committees, to run in the elections to be held on Wednesday, April 27, may be made on the customary nomination form until Saturday, April 23. President, vice-president, secretary, treasurer, two members to the Institute Committee, and two for the Executive Committee will be the nominations required from each of the three classes. The Seniors will nominate only a permanent president and a permanent secretary-treasurer. They should be made out in the following manner and placed in the nomination box in the Main Lobby; "We, the undersigned, members of the Class of....., nominate..... for..... of our Class," signed by at least ten members of the Class and countersigned by the candidate. The list of nominations will be published in THE TECH, Tuesday, April 26.

DRAMASHOP USES WALKER OFFICES

Pomp and Circumstance Marked
Official Installation On
Wednesday

Quietly, without undue fuss or muss, the Dramashop moved into its new offices in 303 Walker Memorial last Wednesday, April 15. Installation took place in an ultra-leisurely style, deliberately planned, concisely executed. Particular emphasis was laid upon that part of the ceremony which had its center about the moving of the Dramashop's much-cherished filing case; on this occasion, with Robert Hentchel '33, Dramashop's General Manager, in command and numerous attendants bringing up the rear, the much-esteemed filing case was dramatically deposited in its new home.

Recently elevated from the menial rank of a subordinate activity to that of a Technology Class "A" activity, with all the advantages it accorded, the Dramashop was granted an office in Walker Memorial with the M.I.T. Musical Clubs.

Students Invited to Meetings

Board meetings of the Dramashop will take place at 5 o'clock every Thursday afternoon. These discussions will in most cases be open ones, and all those who are interested in the Dramashop's production or acting of plays are cordially invited to attend.

Negotiations are now under way with John Galsworthy, through his business manager, for the production of "The Pigeon," one of Galsworthy's very successful works, which the Dramashop plans to present next December.

GIVE MILITARY DANCE IN WALKER TONIGHT

Price Of Subscription Is Set At
\$1.50 Per Couple

Mortar and Ball, honorary Coast Artillery Society, will hold their second dance of the year tonight, in the North Hall of Walker Memorial. Subscription will be \$1.50 per couple, and the dance will last from 8.30 to 2 o'clock.

Formal military uniforms will be required at this dance. It is open to all students of advanced R.O.T.C. Chaplones will be Colonel Vestal, head of the Military Science Department, and his wife; Colonel and Mrs. Eddy; and Colonel and Mrs. Arthur. Also present at the function will be Major Ottosen.

CREWS OPENING SPRING SEASON IN FOUR RACES

Varsity And Jayvees Working
Out This Afternoon For
Yale Regatta

FROSH ROW ON CHARLES

Two Yearling Crews Face Prep
School Boats Tomorrow -
On The Charles

This afternoon will see the final workouts of the varsity, Jayvee, and 150-lb. varsity boats before their battle with Yale. The oarsmen left yesterday for Derby, Conn., and Coach Bill Haines is planning to take the crews out to look over the course before they cover it under full steam tomorrow.

Four veterans, Glenn, Miller, Valentine, and Pleasants, are scheduled to pull in the varsity boat, according to the tentative lineup. Lawrence, who stroked the Jayvees against the Navy last season and then quit rowing because of illness, is slated to face cox Dunlap at the starting line, while Phil Cook, who was on the crew two years ago, but gave up rowing to devote himself to studies, will be pulling No. 6. John Regan, Jr. at No. 2 was in the 1931 Jayvee boat.

Freshman Meet Tomorrow

Tomorrow will also give the freshmen their first race when the heavy and 150-lb. crews will row against Brown & Nichols on the Charles. So far the yearlings constitute an unknown quantity, but the reports which trickle down from the boat-house indicate that they are expected to give a very good account of themselves.

Tentative lineups for the varsity and junior varsity boats are as follows:

Varsity	Jayvee
Lawrence, stroke	stroke, Mowatt
Glenn	Lucke
Cook	Foulston
Miller	Nashner
Valentine	Bromley
Torbit	Murdock
Regan	Jerome
Pleasants, bow	bow, Wing
Dunlap, cox	cox, MacMahon

"The Forum" Starts Drive For Embryo College Essayists

Contest On Present Conditions
Open To Members Of
Senior Class

In order to unearth new talent in authorship, The Forum has sponsored a contest open to members of the Class of 1932, established on a non-prize basis, for articles on current conditions and their relationship to men graduating this year. All contributions must be submitted before May 10.

Under the rules established, the author of any manuscript judged of sufficient merit, and "indicative of the requisite qualifications on the part of its author" will be offered an assignment to go abroad for The Forum and gather material for a similar article on the problems of European students, with necessary travel and living expenses.

Further Rules of Contest

Any Senior regularly enrolled in an American college is eligible.

The length of the articles submitted must not exceed 1800 words, and they should preferably be typewritten. Manuscripts should be addressed to The College Manuscripts, The Forum, 441 Lexington Avenue, New York, N. Y. Reject manuscripts will not be returned unless a stamped, self-addressed envelope is enclosed. The Editor cannot enter into correspondence.

POSSIBLE REVEILLE

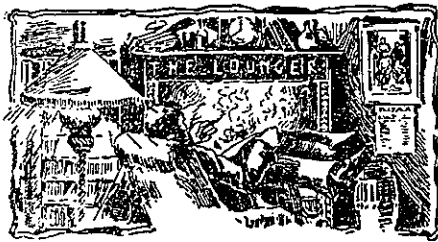

JUST before the spring holidays, the Executive Committee of the Institute Committee, acting on the petition presented by more than fifty student members of the Undergraduate Association, declared that the question of electioneering shall be presented to the student body in a referendum to be conducted at the regular spring class elections. This decision of the Institute Committee is in accordance with the section of the Constitution that provides for a referendum on any action of the Institute Committee if a petition signed by fifty students is presented. This section is one designed to prevent representatives of the various student groups from forcing action which does not meet with the approval of their constituents. Apparently the step taken by the Committee in regard to the electioneering question does not meet with the approval of certain students. The referendum will settle the matter once and for all. It is now up to the men of Technology to say whether they want the present rule or the one proposed.

It is hoped that interest in the matter of electioneering will be large enough so that a representative opinion may be obtained. The Constitution provides that a two-thirds majority of those voting must be secured to obtain annulment of Institute Committee action. If only those interested in the changing of the section relating to elections, vote, without a doubt the change will be made; but if those who are opposed to any change cast their ballots, too, some idea of a definite student opinion may be obtained. Because of the vacation and the hurry of starting classes again, there has been little discussion of electioneering, but posters announcing class meetings at which candidates will speak have been placed on the Institute bulletin boards. This indicates that someone is taking an interest in the spring elections, even if little thought has been given to electioneering.

After the reactionary stand taken in prohibiting electioneering last spring, the Elections Committee, in sponsoring the class meetings, is clearly taking a more liberal stand on the matter. Just as plainly, certain groups of students want an assured freedom for electioneering. Allowing discussion of candidates, statements of platform, if one may dignify assertions of candidates by that name, campaigning for support, information regarding the records of the candidates, and other activity calculated to arouse student interest in elections is a proper step at this time. If any have fears that electioneering may get beyond control, and intramural politics become clouded with vote-swapping and scandal, they may be quieted by reference to Article II of the Constitution, which has been used previously to permit regulation of student affairs not specifically mentioned as being under the jurisdiction of the Institute Committee.

Electioneering offers certain decided advantages which have been enumerated before: it would permit students to become acquainted with the qualifications of the candidates, it would tend to arouse student interest in elections through active campaigns, it would make legal certain activities which are generally recognized as existing, and it might enable the student body to become better acquainted.

In view of these advantages of electioneering and the interest that has been aroused in some quarters, it seems likely that the referendum will be in favor of annulling the action of the Institute Committee. While it is asserted by some student authorities that the present system is functioning very well, there is no definite assurance that the activities now sponsored by the Elections Committee may not be declared illegal and men taking part in them disqualified. What is desired is a ruling under which electioneering will be permitted. We hope that enough students vote Wednesday so that a representative opinion is obtained. If such an opinion is expressed there seems little doubt that electioneering will be permitted in the future.

What with the warm weather and the Lambda Chi dance, the Lounger felt inspired to write an ode. It isn't that he's "ode" this to anyone (ouch, I'll quit), or felt odious, if you will please pardon the alliteration, but just that he had to do it sometime. The Lounger thinks he will dedicate to the Belles of the Ball, or at least to those appraising ones who have been walking out on him in favor of the guy with the car, drat it. The title could be almost anything, but for purposes known only to the author, it has been called:

Crinkle, Crinkle, Little Belle
Oh you are wondrous, fair and bright,
And pretty, withal, to see —
Particularly when your crinkling eyes
Are crinkling full on me.

But oft I think, when forced to hear
Chatter from your tinkling brain,
That God, in His infinite and superior
might,
Wrapped it in crinkling cellophane.

One of the boys who thinks only of the more serious things in life, was actively engaged with one of the more popular aforesaid belles, who somehow had her signals mixed and could get none of the languishing stags to rescue her. Perhaps they thought it served her right. At any rate, there she was — stuck.

The little hero had just gotten around to a discussion of thought, evidently emulating high chief intelligentsia, and had only mentioned a *posteriori* when his partner could stand no more without aspersive comment.

(Continued on page four)

As We Like It

OPERA HOUSE
"Countess Maritza"

"Countess Maritza" contains a greater proportion of irrelevant nonsense than almost any other current comic operetta; and it is this same nonsense that makes the production palatable for the theatergoer who has lost his appetite for concentrated romance, dancing gypsies, fairy castles in Hungary, stoic, misunderstood heroes and heartbroken heroines, the inevitably blissful ending, and all the rest.

There is also some nonsense not quite so irrelevant; such as the dapper little baron who turns up unexpectedly as the owner of the name which the countess had given to her fictitious fiancé; and the spurned general who, unable to understand how any woman in her right mind could possibly refuse *him*, revengefully introduces another fictitious baron, who proceeds to steal all the silverware.

There is plenty of excellent dancing, principally by Nick Long, as Baron Szupan, Harry Morton, as Zingo, and Louise Brown, as Lisa. These three are half the show. The slow-motion specialty which they put on in the middle of Act Two brought down the house. Hugh Cameron's sputtering and slightly Hibernian humor kept the audience snickering.

William O'Neal, as Count Tassilo, makes a somewhat portly hero, but his voice is clear and mellow. Opposite him is Charlotte Lansing, a properly beautiful and aristocratic countess. When the gypsy romance comes in, one feels that the play lags; but Ara Gerald, as Manja, makes a good-enough gypsy girl.

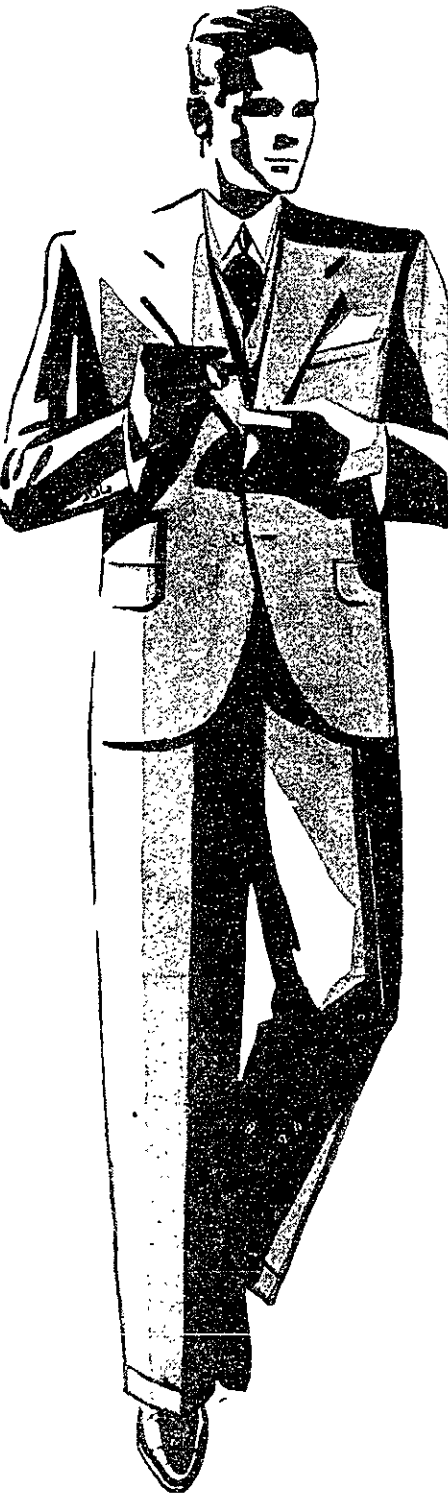

The production is lavishly staged, costumes and scenery being brilliant and colorful. A vigorous and agile conductor leads the orchestra. And when Harry Morton, as Zingo, enters the employ of the Princess Bozena (who has just had her face lifted) and proceeds to express her emotions for her — that alone is worth the price of admission.

Tracksters Run In Handicap Tilt For Team Places

Perfect Weather Features Week Of Intensive Training For Rest Of Season

Track men have manifested their interest in the forthcoming handicap meet to an extent which includes a larger sign-up list than has appeared in any recent affair on Tech Field. Yesterday afternoon, almost every track man appeared for a workout, and all took advantage of the balmy weather to better their performances for the year.

Winners To Represent Varsity

Winners in the events tomorrow afternoon will be the men to represent the varsity in the home meet the following weekend, and the freshman stars will be the men to make the trip to Andover, on the following Saturday. With such weather continuing, and the cinders in such good condition, there promises to be every one of the makings of a record-breaking affair.

Relay Race

In the Annual Spring Inter-Class Meet, which takes place late in May, it has been the custom in past years to run off a series of relay races between teams representing the Technology fraternities. It is the wish of Oscar Hedlund to run a similar tourney between the different halls of the Dormitories on the first day of the meet this year, as well as the regular fraternity series, and on the following day, to run a championship race between the two representative teams. If sufficient interest is shown, Dorm teams will be formed.

GOLF PRACTICE TO START NEXT WEEK

Technology's varsity golf schedule has been announced for this spring, and will consist of seven matches, five of which will be played away from home. The opening encounter of the season comes a week from today, April 29, against Worcester Tech.

Capt. G. R. Churchill '32 and Manager J. P. Mills '33 request that all men who have ever played golf before and are interested in trying for the team, report to the Athletic Association office at 5 o'clock this afternoon, if possible, or else leave their names with the Athletic Association secretary before Monday afternoon.

Special arrangements have been made for the team members to practise at the Commonwealth Country Club.

POWER SYSTEMS IS COLLOQUIUM SUBJECT

Electric power distribution systems as they concern the electrical engineer will be discussed in a colloquium led by Mr. E. W. Dillard, Electrical Engineer with the New England Power Association, next Monday and Tuesday, from 2 to 4 o'clock, in Room 10-275.

"Electrical Engineering Aspects of Power System Development," is the title of the discussion which will deal with many of the details and problems of this subject. Seniors, graduate students, Junior honors students, and members of the instructing staff are invited to attend. As the presentation will occupy two days, students attending will be expected to arrange their work so as to be present on both days, out of courtesy to the leader.

"THE FORUM" TO SPONSOR CONTEST

(Continued from page one)

response concerning manuscripts submitted.

Eligible topics are the problems of jobs, social attitudes of individual adjustment in an economically distressed world, and of what young people might do to aid in the stabilization of society. Any other ideas, as long as they relate to the particular economic and social environment in which the graduate will find himself and are set forth from his point of view, will be equally acceptable.

WANTED A STUDENT CRUISE DIRECTOR

We want one student in this university to organize air-tour groups. Generous financial return to the man who qualifies. Also opportunity for interesting travel.

Cruises are made in giant Pan American multi-motored air-liners. Cool, luxurious travel in the upper air at 117 miles an hour. The West Indies, Central America, South America out of the tourist season, in all their native charm. Night life in gay Cuba. The drums of magic Haiti, throbbing in the distant hills. Panama, crossroads of the world. The ancient Mayan ruins at Chichen Itza in Yucatan. Mexico City, that mile-high metropolis where bullfights still flourish. Or Rio de Janeiro, sparkling Buenos Aires and Montevideo, Peru, Chile. To these exotic places and a hundred others in the 30 countries of Latin America covered by Pan American, largest air transport system in the world, on 20,000 miles of airways.

This year these student group tours will be offered at 40% reduction from standard passenger rates, between June 1 and September 1. For example: this discount brings air trips from Miami to Havana down to \$16.80. From our Texas terminal to Mexico City, \$36.60. From Miami to Panama, with overnight stop at Jamaica, luncheon stops in Cuba and Colombia, only \$108. Same student reductions to any point on our lines.

If you feel that you have the personality, the social position and collegiate standing to qualify as representative of our company on the campus, write immediately. Please give full particulars as to your personal qualifications and responsibility. Address: Mr. V. E. Chene, General Traffic Manager, Pan American Airways System, 122 East 42d Street, New York, N. Y.

PHOTOGRAPHIC SOCIETY

There will be an important meeting of the Photographic Society Friday, April 22, at 5 o'clock in Room 5-130. Final preparations will be made for the annual exhibition. All members are urged to be present.

MASQUE MEETING

The meeting of Masque, which was to be held on Tuesday, has been postponed until the following week.

If, in our enthusiasm, we seem to write with a bit of flourish, you will perhaps forgive and understand when you see our new Spring suits and overcoats.

Never have our Spring styles offered such a generous variety of new patterns and new colorings.

Our weavers, both here and abroad, have sent us cloths that have proved an inspiration to our Stylists.

Additional models have come through our workrooms, hand-tailored, with those distinguishing touches required by young men!

But you will be surprised how *inexpensive* such expensive-smartness is this Spring — \$35 to \$75 — with emphasis on \$35.

Phosphorus Pans Paul Revere In Latest Edition

Good Clean Fun and Artistic Taste Put Latest Effort In Highest Class

Appearing for sale on Monday and Tuesday, the Paul Revere number of *Voo Doo* will round out an otherwise perfect vacation, and is purported to be another of the "best ever printed," by authority of Jim Henry, Managing Editor.

As usual, the new issue will cleave to its standard of good clean fun, and will contain, amongst other things, a number of superlative drawings, a long laugh at THE TECH, and a special feature in the way of a parody on Longfellow's "The Midnight Ride of Paul Revere," written by Robert M. Becker, Literary Editor, whose verse has long been one of the outstanding merits of the magazine.

Paul Revere Theme

The cover, developing the theme of the title, depicts Paul Revere horsing away from the well-known church-steeple, and evidently carries connotations of the *Voo Doo* sort, since Mr. Revere is shown leaving in a great hurry, evidently fresh from the bath.

One of the so-called highlights of the issue will be seen in an electioneering boom, which will set forth the ideal qualifications of new candidates. All voters are advised to read this article before casting their ballots, although it is the humble opinion of this commentator that if such is done, no ballots will be cast.

Outside of these specialties, the number will contain about the usual proportion of drivel and two line cracks, proving that, no matter how you print it, it's still *Voo Doo*.

Cover Competition Announced

Coincidentally with the publication of this issue comes the announcement of a contest to select a standard background cover for forthcoming issues of the *Voo Doo*. The design will be used to standardize the covers of next year's issues, and a prize for the one selected of ten dollars is proffered. This contest is open to all undergraduate and graduate members of the Institute.

Details of Contest

The design is one which should be easily recognized and must be done in modernistic manner. Size is to be 13 1-2 by 17 inches (1 1-2 times actual size).

Leave a white space on the cover with dimensions no less than 6 by 10 inches, and not to exceed 8 by 12 inches.

Cover must bear the following information:

Title: M. I. T. (in small letters) and *Voo Doo* (in large letters).

Price: 25 cents.

The word "number" with blank space before it to put subject of issue.

Drawing of cat somewhere on cover optional — Phosphorus.

Free range of color combination allowed, but do not make design too "interesting" so that it will not detract from the picture to go in the middle.

All designs entered must be left in Miss Young's office in Rogers Building or *Voo Doo* office by 5 o'clock, Friday, April 15. Designs to be judged by board of eleven members. Winning design to be announced Tuesday, April 26, and to receive a cash award of \$10.

BASEBALL — JUNIORS

There is a scheduled game with the freshmen on Friday, April 22, on the Coop Field at 5 o'clock. On Monday there is a game with the Sophomores at the same place and time. All out!

THE LOUNGER

(Continued from page two)

"Now in a *posteriori* thought," de-claimed the gallant swain, "One—" "Oh, yes," tittered his suffering tete-a-tete, "that's the kind they do sitting down, isn't it?" But the withering glance over his shoulder had no effect. Thicker and fatter came the thmoke.

Little Benny, the pride and joy of 8.45, and incidentally the new dark horse (but no sunburn) for the presidential chair of the freshman class, just breezed into the office. "Look," he cried, "front page stuff!" Little Benny has doubled his investment in the Stock Contest of Corporation XV, and the winning guy last year didn't even get that far. Besides, this is a depression year. Ah me, Benny, depression did you say? Oh no, this is just a short period of deflation. Vote for Benny, boys. Original investment doubled in three weeks, or you can send the perfume back.

SENIOR NINE WINS INTERCLASS GAME

Interclass baseball got off to a fine start yesterday afternoon at Coop Field, with the Seniors defeating the Class of '34 by a 6-5 count. The six-inning contest was the first of twelve games which will determine the interclass titleholders.

Dick Smith of the winners connected for a homer and Cannon smashed out a triple, leading the attack, while Eagan and Schneck, the Sophomores' second-base combination, contributed some sparkling plays afield. The batteries were Leslie and Cannon for the Seniors, Jamieson and Sayles for the Sophomores.

Junior-Freshman Tilt This Afternoon

This afternoon at 5 o'clock, the Juniors will face the freshmen in the second contest, also at Coop Field. An extremely interesting tussle is expected, for the yearlings have had a large turnout, while the present Juniors were the winners of last year's interclass race.

Yesterday's lineups:

1932	1934
Hall, rf	rf, Best
Fahey, cf	cf, Fickett
R. Smith, lf	lf, Lobdell
Johnson, lb	lb, Crosby
Swift, 2b	2b, Schneck
Newman, 3b	3b, Corey
Meyers, ss	ss, Eagan
Cannon, c	c, Sayles
Leslie, p	p, Jamieson

S. A. E. PLANS LECTURE ON PNEUMATIC BRAKES

Fred L. Hall, Eastern District Manager of the Bendix-Westinghouse Air Brake Company, will speak before a meeting of the Society of Automotive Engineers at 3 o'clock this afternoon in Room 10-250. Mr. Hall's subject is "Automot, Air Brakes," and will be illustrated by lantern slides.

When the Shelton opened (7 years ago) we began catering to college men and women. Gradually their patronage has increased; we feel safe in asserting that more students make the Shelton their New York home than at any club or other hotel. One reason for this is the free recreational features plus a desire to serve on the part of Shelton employees. Room rates have been greatly reduced. Rates from \$50 per month upward. A room from \$2.50 daily.

Club features (free to guests) are as follows: Swimming pool; completely equipped gymnasium; game rooms for bridge and backgammon; roof garden and solarium. Restaurant and cafeteria service at reasonable prices.
